**Sheriff Kandy Fatherree**  
County of Summit • State of Ohio

## **Increased Enforcement Results**

On Sunday, February 11, 2024, the Summit County Sheriff's Office conducted extra traffic enforcement throughout Summit County with a focus on impaired driving. These efforts were in conjunction with this year's Super Bowl activities. The additional patrols were made possible through grant funding provided by the Ohio Department of Public Safety and the Ohio Traffic Safety Office.

During this time, several warnings were issued to motorists. In addition, citations were issued for speed, expired registration, seatbelt violations, driving under suspension, traffic control devices, and one arrest for impaired driving.
